WHY LIAL?

Your life deserves love in action. Love Is A Lifestyle provides you, your very own toolbox, which you can rely on for years to come.

1. **Assessment.** What is tidy to you? Where do you fall on the tidy spectrum? LIAL will assess this with you. Customizing your tidy comfort-level to our project goals. For example: I love an organized closet. But I am unable to hang clothes by color, in the same direction, with hangers facing the same way for more than two days! We will not take you to unfeasible levels of tidy. Your **Unclutter Resolution** will be manageable and liberating, not a burden.
2. **Support** from me is here! I am available to coach you, as you wrap your mind around this adventure. I have literature to recommend, podcasts to suggest, and vision-boarding exercises. Together we will begin uncluttering your space and grounding you for greater self-care and love.
3. **Site visit** day is awesome. A-W-E-S-O-M-E!! Where our fostered relationship reveals the authentic love in your space. Today is about opening your heart, mind and space. Expect lots of happi-phanies and growth!
4. **Photo album.** This 'legacy gift' is necessary for remembering the items that will begin a new adventure. You can always have easy access to them in your stylish photo album.
5. **Monitoring** throughout the year is available to you. You can track your amelioration. Living clutter free saves hearts! Share your successes and struggles so we can help spread the love.
